INTRODUCTION

In 1959 the Southeast Asia Program published as Data Paper No. 33 Benedict R. Anderson's Bibliography of Indonesian Publications, Newspapers, Non-Government Periodicals and Bulletins, 1945-1958 at Cornell University. More than seven years have elapsed since the appearance of this useful publication and in the meantime Indonesian acquisitions at this institution have not been at a standstill. Through the good offices of many individuals and, in the past several years, with the valuable assistance of the Public Law 480 Program in Indonesia, the Cornell University Library has succeeded in adding a number of new serial titles as well as in filling many gaps in serials already held. It was our feeling that the compilation by Mr. Anderson should be updated in order to provide a more accurate guide to our present holdings and gaps. So that the task might be manageable and possible of execution within a reasonable length of time, the compilers have restricted themselves to Indonesian serials for the period 1945 to 1965.

The scope of this bibliography is as follows: It attempts to list as exhaustively as possible the Cornell University Library's holdings of Indonesian serials, including government documents such as annual reports and periodicals, non-government periodicals, annual reports of commercial firms, institutions, and organizations, issued in Indonesia or by Indonesian missions abroad from September 1, 1945 through December 31, 1965. Not included are analyzed series such as Bibliotheca Javanica or Verhandelingen van het Bataviaasch Genootschap. Following the Library of Congress system initials are filed at the beginning of the letter, thus R.P.I. Monthly will appear before Radikal. If a serial is in the

form of a photocopy or a microfilm this is indicated by (P). "N.C." signifies that the title has not yet been catalogued. The abbreviations "Vet. Lib." and "Mann" represent "Veterinary Library" and "Mann Library of the College of Agriculture." All serials are in the Indonesian language and all call numbers are preceded by "Wason" unless otherwise indicated.

A word of thanks should be extended to my co-compiler, Mrs. Yvonne Thung, for her splendid job. Since she left the Cornell University Library to rejoin her husband shortly after completing this Guide, her successor, Miss Ling Thung, has provided considerable assistance in bringing this to its present form. Our thanks go also to Professor George McT. Kahin, Director of the Modern Indonesia Project, for his encouragement of this project, to Mrs. Sylvia Faibisoff, Director of Central Series, and to Mr. Oey Giok Po, Southeast Asia Bibliographer, both of the Cornell University Library, and to Mr. James L. Bowman, representative of the PL-480 Program in Indonesia, for support and assistance, and last but not least, to Mrs. Tazu Warner for typing the first draft and the final copy.

It is our hope that this guide, comprising more than 1000 titles, will prove to be helpful to users of the Cornell holdings and will encourage the compilation of a union list of Indonesian serial holdings in this country. Bibliographical endeavor is constantly fraught with unexpected perils and we are confident that this project has not been able to avoid its share of errors. Needless to say, we shall welcome any corrections or additional information.

John M. Echols
